ICT at Davidson's Mains Primary School

Mission Statement

At Davidson's Mains Primary we aim to place ICT at the centre of learning and teaching by providing opportunities for pupils and staff to become digitally literate. We will use ICT to facilitate communication and creativity; to enhance critical thinking and research, thus enriching the learning experience.

Vision

Pupils will:

- Be motivated and inspired through developing skills in cutting edge technologies

- Have 24/7 access to ICT with 1:1 provision for all

- Safely and effectively use cloud based technologies

Staff will:

- Be motivated and inspired to enhance their teaching using cutting edge technology

- Engage in regular training and sharing of good practice in order to improve the achievement and attainment of all

- Use ICT to enhance pupil experience

- Communicate with pupils and parents using a variety of technology

Parents will:

- Have enhanced opportunities to explore and reflect on the life and work of the school through current and evolving use of ICT

New Technology Mentors will:

- Continuously update their own skills and knowledge through exploring the potential of new technologies

- Work alongside all staff to develop skills and confidence in the use of new technologies

- Share developments in technology to enhance parental understanding of learning and teaching practices

It's not about the tools, it's about using the tools to facilitate learning
